
Communications intended for insertion should be in the Editor's hands not later than the 12th of the month previous to publication; and if they require illustration, they should be sent as early as the 6th.

M.S. should bear the author's name and address on the first page; not necessarily for publication. Stamps must be sent with all communications required to be returned.

Communications in M.S. should be written on one side only of the paper, and names of genera and species should be written out with the letters separate and underlined, thus—*Hydra viridis*.

All communications on Ordinary and Commercial Matters, Advertisements, &c., to be sent to the Publisher.

London: ROBERT HARDWICKE,
192, Piccadilly.

HARDWICKE'S SCIENCE GOSSIP.

EDITED BY J. E. TAYLOR, F.G.S., &c.,

Author of "The Geology of Manchester and its Neighbourhood," "Geological Stories," "Half hours at the Seaside," "Half hours in the Green Lanes," &c.

My Dear Madame

I beg gratefully
to acknowledge
the pamphlets you
were kind enough
to send me.

I should be
glad if you could obtain
for me, through Mr. Beaumont,
W. Mallett's paper on the
"Source of Volcanic Energy"
Our Lectures commenced

last Friday. The Groom was
non-arrived.

Permit me, cordially
and sincerely, to wish you
and your husband that
true happiness without
which the married
state is but left alone!

Faithfully Yours
L. C. Taylor

Mrs. Beaumont
